It's a so-for-like. This feature is included in the S8 form from Android Nougat and will help you save to mobile data network. If the function is activated, the plus symbol will appear in the status bar of your Samsung Galaxy S8. Below, we want to show you how to remove the plus symbol from the status bar of your Samsung Galaxy S8 or turn off data storage. Follow the steps below. 1. Open the app menu and then settings 2. Tap Connections, then continue using Data 3. Here you can find Data Saver - Select an entry and then disable the option for the main driver The plus symbol in the circle disappears immediately from the status bar of your Samsung Galaxy S8.
